Serving Estrella Mountain Community College students since the program was founded in academic year 1992-1993, the program's goals continue to be:

- To encourage, foster and contribute to a climate of excellence both in the college and in the surrounding community;
- To encourage students to strive to achieve the maximum benefit from the educational services provided by the Estrella Mountain Community college;
- To recognize and reward the talent and motivation of our outstanding community college students and faculty;
- To promote a sense of scholarship and community among program participants;
- To serve as a source of innovation and testing for new methodologies and services that may be extended to a greater number of students; and
- To raise awareness of the high quality and variety of educational services offered by at Estrella Mountain Community College.
