

Get a leg up on the competition for scholarships, transferring and your dream job. Your college classes are only part of your education. Soft skills - such as communication, professional etiquette, team building and critical thinking - are just as important and can give you an advantage over others.

The Professional Development Plan Includes:

- **Instructional videos by experts** on critical thinking, scholarship application tips, professional etiquette, overcoming speech anxiety and more
- **Activities to strengthen soft skills**, completed individually or with your chapter
- **An Online Portfolio**, a central location for posting leadership and service experience, awards/honors and photos/videos of accomplishments; share your portfolio with those writing letters of recommendation, potential employers, scholarship providers, college admissions officials and others
- **A Professional Resume**, step-by-step instructions for creating a professional resume

Begin your Competitive Edge Experience today by logging into

Quotes

"I am absolutely thrilled about this. I have already started the Competitive Edge Levels, and it gives me a new excitement upon accomplishment. I feel that I am doing these tasks for a purpose, as opposed to making the grade."

Morgan Dhalan
