

## LEARNING SUPPORT SERVICES

[EMCC Home](#) >> [Students](#)

### Welcome to Learning Support Services

Estrella Mountain Community College provides our students with a full complement of instructional and technical assistance in learning environments that allow students the opportunity to develop the skills and knowledge necessary to achieve academic success.

Learning Support Services includes free tutoring (online and face-to-face) in any EMCC course, assistance with computer connection, internet access, and support with various software applications. In addition, there are study rooms available, books, microscopes and other academic resources available for students to use.

We take a collaborative approach in responding to students' learning needs by working closely with students, faculty and staff to determine how to best support their Learning Support Services expectations.

Learning Support Services is made up of the following centers:

- Learning Enhancement and Writing Center - first floor of Estrella Hall
- NASA Center for Success in Math & Science - Montezuma 122
- Information Commons - first floor of Estrella Hall
