Welcome to the Student Academic Achievement Committee (SAAC)

Purpose

The purpose of student academic assessment is to gather evidence of student performance over a period of time in order to measure learning, with the goal of improving student learning.

The purpose of the Student Academic Achievement Committee (SAAC) is to coordinate faculty and college resources in order to sustain a robust assessment framework at the course, program, and college level.

Mission Statement

We will improve student learning through:

- The integration of student abilities and student learning outcomes into programs and curricula
- Creative and practical assessment of academic achievement
- The analysis of assessment data to inform better teaching and learning practices.

SAAC
